EPA I.D. No. MOD007192503

Dear Mr. Edwards:

On May 21, 1982, Litton Systems, Inc., Advanced Circuitry Division, was inspected by a representative from Pedco Environmental, Inc. (an EPA contractor) to determine this facility's compliance with the federal hazardous waste manifest requirements. As a result of this inspection, it was noted that for manifest number 01317001045, dated February 4, 1982, the manifest copy retained by Litton, Inc., did not have the quantity of waste shipped included on it. After comparing this manifest with the copy returned by the disposal facility (Chemical Waste Management, Aurora, Colorado) it appears that the disposal facility added this information to the manifest after receiving this shipment - 40 C.F.R. §262.21(a)(6). No other deficiencies were noted for the remaining manifests that were reviewed.

It is requested that Litton Systems, Inc. ensure that for future hazardous waste shipments, the quantity of waste shipped is included on the original manifest.

If you have any questions, concerning this matter, please call David Doyle, of my staff, at 816/374-7133.

Sincerely yours,

David A. Wagoner
Director, Air and Waste Management Division
